Dear Jim,

Much time has passed since you and Chip agreed to a press conference for NEVER AGAIN! without a word from either of you.

Or from the publisher, of whom I've several times asked for a ¹caron of books for it be sent to you. If you have gotten them I'd like to ~~know~~ ¹As I would if you have not. From them I have only silence.

The book has been in distribution for some time now and I've no indication of even a single copy being sent by the publisher for any review. ¹Or for any promotion.

I'd asked Randy Robertson to be part of it. He began by saying he wants to wait to see if his paper is accepted by a professional publication. It was not. So I asked him again when he phoned to ~~say~~ ask for some information. He said he'd speak to you.

With Dave coming the weekend of the 3rd for your meeting that seems to be a good time because he can then be part of it and that would be fine, with his credentials.

Can you please ¹chap in a little and inform me a little?

As I indicated, I do have documents that can be used and that I use in the book. ~~Also~~ wity pictures if they are ever returned.

This does provide an opportunity for something that can be meaningful if it goes but it cannot go by itself and I can't go very far.

If you are not going to do it I'd like to know that, too.

Would it help if I make a theory of it?

I've been working as consistently as ¹now can on Mailer's Tales. Of the JFK Assassination. I've close to 90,000 words on paper and it is quite powerful. I've taken little time for anything else.. Lil has retyped two of the chapters that relate to Mailer's consummate indecency toward Marina. I use him to indict himself in them.

¹Hope your eyes are getting better.

I am getting weaker. In danger of falling whenever I move.

best,

Harold
